New Year 4 Class – 2026/27 Learning Plan

8th July 2026

Dear Parents and Carers,

As we approach end of the school year, I would like to take this opportunity to thank you for your patience, understanding, and continued support throughout what has been an unsettled year for our Y3 class.

We recognise that the changes in teaching staff have not been ideal and appreciate the impact this may have had on both your children and your families. Despite these challenges, our pupils have shown remarkable resilience, and we are proud of the progress they have continued to make. That said, we recognise that pupil outcomes as a year group should be higher and for this reason a plan has been formed.

Looking ahead, I want to reassure you that a plan is in place for next academic year to provide stability and ensure every child receives the support they need to thrive. We have carefully considered how best to meet the needs of the class, and measures have been put in place to strengthen continuity, build confidence, and support pupils' learning from the very start of term.

Our focus will be on establishing consistent routines, identifying any gaps in learning, and providing targeted support where needed so that every child can continue to make strong progress. This will be led by the Mrs Shehu and the class teacher – who will provide additional learning interventions and Booster sessions. We have also arranged a specialist to work with the school to provide workshops on themes such resilience, self-belief etc...

To keep parents informed, we will organise additional, 'Parent Consultation' meetings at the beginning or next academic year so that the class teacher can explain in greater detail the actions for the year group. I would also like to invite all parents to meet with me on 7th Sept. at 3:20pm so the plans can be shared and give time for questions and answers.

We wish you and your family a happy, restful summer break and look forward to welcoming everyone back in the new academic year.

Kind regards,

Mr. D Mc Garrigle
